The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).</p>

Continuation of 3. NOTE: The proposed amendment raises new issues because the proposed combination of the ceramic comprising 10-90% by weight of the ceramic coated fiber and wherein the ceramic is TiON or TiOS was not previously considered, nor does this constitute a permissible rewriting of a dependent claim as an independent claim because there has been no singularly dependent claim presented with this combination of properties.
